## Summary

FullStack Software Developer, with a Business Administration and IT management background, a team player with proficient communication, leadership, and solving problems skills

## Skills

- *Programming Languages:* JavaScript, Ruby, CSS, HTML, SQL
- *Software Technologies:* React, Redux, Rails, GitHub, Express, Node.js, Mongoose, AWS, Heroku, MongoDB, and PostgreSQL
- *Languages:* English and Spanish

## Projects

**Sellsy** | [live site](#) | [GitHub](#)

Ruby on Rails, JavaScript, React / Redux, PostgreSQL, CSS3, AWS, Webpack, GitHub, Heroku

### Project Description

Inspired by Etsy, fullstack e-commerce, that allows users to sign up or sign in, search and add products to cart

- Rails API is connected with React with Webpack through JSON for speed and convenience
- Ensured persistent and secure session (Sign in/Sign up) with BCrypt to assure users' privacy
- Implemented AWS to keep database secure, add multiple images, and keep app light
- Incorporated CRUD actions to create, edit and delete reviews and items in the shopping cart

**Pooch** | [live site](#) | [GitHub](#)

MongoDB, Express.js, React, Node.js, JavaScript, CSS3, AWS, Heroku, GitHub

### Project Description

Inspired by Tinder, this application allows matches and messages to set up a meeting for dogs playdates

- Utilized Mongoose library to build schemas to administrate data as JSON from MongoDB
- Constructed with React/Redux to develop custom components and manage state
- Fully responsive UI/UX design, created with CSS3 with tools like flexbox and pseudo-selectors

## Experience

Telefèric Barcelona | **Server** | February 2017 - July 2020

- Trained 50+ servers on Point of Sale (POS) system Upserve
- Served 80-100 people per day, 3 to 4 turnover of tables without losing focus, and great service

Mona's Burgers & Shakes | **Restaurant Manager** | July 2014 - January 2017

- Supervised and trained new employees, on average 90+ employees. Improving service by 30%
- Managed POS inventory, sales, and schedule weekly for 30+ employees

## Education

App Academy | Fall 2020 | San Francisco, CA

Fullstack Software Engineering - Immersive software development Bootcamp (+1,000-hours program)

California State University, East Bay | Spring 2019 | Hayward, CA

Business Administration - IT management - in progress (8 credits to graduation)

Diablo Valley College | Spring 2015 | Pleasant Hill, CA

Associate Degree in Business Administration - Economics
